OVERVIEW

INTENDING TO WORK IN THE CONSTRUCTION INDUSTRY?

Get job ready with mandatory occupational, health and safety induction training.

Effective 1 July 2008, if you work or are intending to work in the construction industry, occupational health and safety induction training is mandatory. This course covers the skills and knowledge required to work safely in the construction industry and is specifically designed to meet the requirements for registration and card issue by WorkSafe.

At the end of the training you will be required to demonstrate knowledge of OHS legislative requirements, the basic principles of risk management, and how to prevent injuries and illness in the workplace.

Content

How to identify:

- OHS legislative requirements
- Construction hazards and control measures
- OHS communication and reporting processes
- OHS incident response procedures

Accreditation

Upon successful completion, you'll receive credit and certification for the following accredited unit from 22499VIC Certificate II in Electrotechnology:

CPCCWHS1001 - Prepare to work safely in the construction industry.

Pre-training Review

You must complete a compulsory pre-training review before attending class.

Prior to your enrolment a pre-training review will be conducted with you to confirm that the course you are seeking to enrol into meets your individual needs. The link will be emailed to you upon your booking. Failure to complete will **incur a \$20 administration** fee for a booking cancellation or transfer.

Student Support

At South West TAFE we're here to help you complete your studies happily and successfully.

From the moment you start thinking about course options until you finish, you'll have access to a range of student support options, covering enrolment, education, social and personal issues, including:

- Education Pathway Officers who can help you with information sessions, fee payment options, TAFE and university pathways, career pathways and campus tours
- A DHHS registered Disability Support Team
- Koorie Liaison Officer
- Student Wellbeing Officer supporting your personal and social needs
- Library and Research Centre
- Bookshop supplying a range of textbooks and stationery
- Student Learning Support including literacy and numeracy

WHAT YOU LEARN

OHS legislative, communication, response and reporting requirements.

WHAT YOU GET

Skills and knowledge required to work safely in the construction industry...

Upon successful completion, you'll receive credit and certification for the following accredited unit from 22499VIC Certificate II in Electrotechnology
